Sprint 2 Meeting Minutes

Location: Zoom

Date: 11/23/2019

Time: 01:25 PM

Attendees: Gustavo Garcia, Kevin Gamage, Riley Norris

Agenda items

Sprint 2 Discussion

Gustavo

- Done
  - Setup the representative's page based off API results. Hooked up the census API and is displaying its information. Added the search bar and set it up to search properly. Modified some propublica API calls for more information.
- Going to work on
  - Mainly styling on the representatives page, adding our accessibility items, and cleaning up any code that needs it.

Kevin:

- Done
  - Hooked up API results into the bill page for basic bill info, sponsor information and external resources.
- Going to work on
  - Going to finish out the donations and committee cards on the representatives page, as well as adding our accessibility options and adding in graphs to display census information.

Riley

- Done
  - Added additional items on the homepage including party images, state, rep's name, gender, age, and years in office. Hooked up the Propublica API and pulls data for the House and Senate.
- Going to work on
  - Adding final touches across app, and some messier left over code. Also adding left items on the demographics card. Then adding our accessibility options and new stretch goals: Increasing text size, redoing some formatting on the homepage to increase cleanliness, and adding the ability to "search" for a state.
